CLEARANCE CERTIFICATE FOR A SPECIAL EVENT

ALL SAVVA AFFILIATED CLUBS:

At a recent National Council Meeting, the decision was taken to encourage all SAVVA affiliated clubs to apply for the Special Clearance certificate when organising an event of the nature of a Cars in the Park, Car show or any other event of the kind.

In most instances the local authorities require proof of public liability prior to issuing any permissions. This will be forwarded to you on request but only on the proviso that the club has applied for the relevant certificate.

The benefit to the club holding a Cars in the Park or any event of this nature is huge – The cover that SAVVA holds is R10 million and I feel very confident that cover of this value is not available anywhere for the nominal cost of R500.00.

Please note that SAVVA will continue to circulate all club flyers etc to our data base of clubs but this will only be done once Motorsport has given the relevant clearance certificate number to the secretariat.

Special Event / Cars in the Park (Annexure A 3)

How to apply – download the application form from the SAVVA website (found in handbook) – complete and send proof of payment to motorsport@savva.org.za
